

## AREAS OF APPLICATION

- Garages and parking lots
- Entrance areas and walkways
- Storage areas

## PRODUCT BENEFITS

- The Calix Canopy light fixture is designed to meet the lighting needs of parking garages, parking lots etc, while providing substantial cost savings.
- Its replacement options for 225W to 325W of Traditional Lighting Resulting in Up to 80% Savings.
- The bright, uniform illumination diminishes shadows and improves visibility, helping people feel safer and drivers feel more in control.

## PRODUCT FEATURES

- High efficiency up to 130lm/W
- IP65 Grade protection
- Wide 150° degree light distribution
- Quick to install and easy to use, secure and reliable
- 5 Years warranty
- Energy efficiency class A+

## TECHNICAL DATA

### Electrical data

Rated power	60 W
Operating voltage	AC100~277V
Operating frequency	47~63Hz
Power factor	>0.9

### Photometrical data

Color temperature	2700K - 6500K
Luminous flux (lm)	7800 ± 600
Color rendering index Ra	>80

### Light Technical Data

Beam angle	150°
------------	------

### Dimensions

Length (mm)	246
Width (mm)	246

### Temperature & operating conditions

Ambient Temperature	-30~+50°C
---------------------	-----------

### General information

Mounting type	Surface mounted
LED type	SMD LED
Lifespan	50000 hours

SPECIFICATION				
MODEL	LUMINOUS EFFICIENCY	POWER	IP RATING	DIMMABLE
CLX CPS-60W	130 ±10lm/W	60 W	65	YES
